Frontend Developer

I'm from Turkey and I live in Istanbul. I'm both studying at university and I'm involved in volunteering activities in organization Kodluyoruz. I'm currently learning JavaScript, React, and React Native. I want to work in the software industry. My dream is to be a successful software developer. If I can get a job in this field, this will be the first step for my dreams.

Specialties: React, React Native, JavaScript, Html, Css, Redux

Technologies: React, Babel, Eslint, Redux Thunk, Axios

Languages: English: B1

Programming resources used for self-learning: React Native Docs, W3Schools, Stack Overflow, Hackerrank, Jonas Schmedtmann, Kadi Kraman

Achievements:

Interests: I regularly swim and ride horses.

EDUCATION AND COURSES

Business (Bachelor's Degree), Tokat Gaziosmanpaşa Üniversitesi
